SUBJECT: GENERAL - Operational

SPECIFIC - LEBK Circular, dated 1 September 1951

1. In connection with the attempt to expel Tibor BORHARDT from the Hungarian National Council on the basis of his leadership in the LEBK, this latter organization came out with the attached circular claiming quasi-recognition from the Allies.
2. This claim of recognition of any sort should certainly not go unnoticed, and we suggest that you request either the Department or State or HICOG publicly to rebut it. Although the ZAKO group is not successful, despite the disfavor with which it is viewed by us, such toleration should not be interpreted as official or quasi-official recognition of the group. Needless to say, a claim of recognition which was given tacit approval by lack of denial could have a damaging effect on the Hungarian offices outside the ZAKO group who represent our pool of potential agents.
